

HELPING YOU **FEEL BETTER™** EVERYDAY

JACUZZI® BATH BROCHURE

Jacuzzi®
BATH
COLLECTION

Time spent in one of our baths is the culmination of a pioneering history, unrestrained design ambition and the desire to bring you an experience that you've never had before... and will want to soak up day after day.

Jacuzzi® has always stood for style and substance, never one above the other. We never sacrifice our market leading technology for the sake of form, and we never value functionality over flair so that you end up with a bath that just doesn't capture the imagination.

By incorporating our hydrotherapy technology into exquisitely designed whirlpool baths, we are able to give you a massage experience in a setting that has true distinction. Combine all this with the perfect water temperature and our baths deliver an optimum experience that makes you and your home, look and feel amazing.

THE HERITAGE OF THE JACUZZI® BRAND

Legendary for performance, reliability and ease of use, we set the standard by which all hydrotherapy is measured. While imitation may be the sincerest form of flattery, only 60 years of innovation can produce bath designs made to the demanding standards of Jacuzzi®.

Jacuzzi® products are manufactured in three continents and enjoyed across more than 100 countries, employing thousands of people the world over. Representing decades of innovation, design, performance and ease of use, the Jacuzzi® is trusted by millions of customers globally.

COMMERCIAL

HERITAGE

When the seven Jacuzzi brothers immigrated to America, they had no idea that a pump they designed for orchards would revolutionise hydrotherapy in the home. While the family's critical need to change the life of a child triggered this therapeutic invention, a desire for wellness founded an industry.

CELEBRATING
60
YEARS
OF HYDROTHERAPY

The Jacuzzi family departs Italy for the United States and transforms the aviation and agriculture industries.

When Ken Jacuzzi, age 2, is diagnosed with rheumatoid arthritis, his father invents a portable hydrotherapy pump to provide pain-relieving hydrotherapy.

Jacuzzi soon became a household name thanks in part to repeated appearances on the national daytime television show, Queen for a Day, which boasted 20 million viewers. The Jacuzzi® Brand became an overnight sensation.

Through the years, Jacuzzi® has been awarded more than 700 patents, laying our foundation for unmatched hydrotherapy and leading to breakthroughs in jet engineering, design, and technology.

With a foundation in health and wellbeing, and a dedication to research and innovation, Jacuzzi® continued to develop products that improve people's lives, while leading the industry as the most recognised luxury bath brand in the world.

HYDROTHERAPY

Jacuzzi® baths are ergonomically designed to maximise the benefits of hydrotherapy, allowing people of all body types to fully immerse in warm water.

WHY SOAKING MAKES YOU FEEL BETTER

- Up to 40°C - Hot water.
Relaxing, promotes sleep by inducing drowsiness
- 34°C - 38°C - Water at body temperature.
Reduces tension, adding Epsom salt facilitates sweating to cleanse the skin and help eliminate lactic acid
- 27°C - 33°C - Lukewarm water. Helps eliminate water retention
- 18°C - 27°C - Cool water. Alleviates fatigue
- Below 18°C - Cold water. Aids muscle recovery from physical exertion

HYDROMASSAGE SOOTHES FATIGUE

Gentle pressure on muscle tissue increases circulation. This stimulates blood flow, which can help muscles and joints recover from fatigue or injury, and makes it easier to move.

The exclusive, patented TargetPro™ jetting offers adjustable jet stream direction and intensity for a personalised massage experience.

WHAT MAKES JACUZZI® HYDROMASSAGE EFFECTIVE

Gentle pressure on muscle tissue increases circulation. This stimulates blood flow, which can help muscles and joints recover from fatigue or injury, and makes it easier to move.

The exclusive, patented TargetPro™ jetting offers adjustable jet stream direction and intensity for a personalised massage experience.

QUALITY & INNOVATION

Jacuzzi® baths are designed for reliability, both inside and out. We believe that quality is only as good as the people, processes and parts behind the products. That's why our products are exceptionally engineered with the best materials and technology to ensure an exceptional product.

TARGETPRO™ JETS

A jetted water stream that can be directed at specific muscles and adjusted to the perfect massage pressure

JACUZZI® AQUALIBRIUM® JETS

Aqualibrium® Formula - The perfect mix of air and water - delivers a powerful, yet comfortable hydromassage

JACUZZI® PUMP SYSTEM

Whirlpool jets are driven by our high volume/low pressure system

WHISPER+ TECHNOLOGY™

Reduces noise and vibration for a quieter experience

ILLUMATHERAPY®

TargetPro™ and Swirlpool® jets add an even glow of light combined with jetted water for a serene experience

CHROMATHERAPY

Provides unique, multi-colour LED lighting to set the ambiance

CONTROL PANEL

Touch controls are standard on all Jacuzzi® experience bathtubs

DRAIN-DOWN

Engineered plumbing system assists in proper drainage, resulting in less water retention

People

WHIRLPOOL OR SWIRLPOOL®

Jacuzzi® baths are available in two unique types. The traditional relaxation and recovery focused Whirlpool bath that Jacuzzi® is renowned for around the world, and our new award winning Swirlpool® baths which are designed for the ultimate relaxation experience.

WHAT IS THE DIFFERENCE BETWEEN SWIRLPOOL® & WHIRLPOOL?

SWIRLPOOL®

WHIRLPOOL

The Jacuzzi® Swirlpool® Illumatherapy™ jets create a delicate, circular water flow inside the bathtub: are fixed and integrated in the shell. Their position and quantity are designed to optimise the water flow.	EQUIPMENT 	Jacuzzi® TargetPro™ jets generate a strong flow, balanced between air and water; they are adjustable in direction and power. Their position and quantity are designed to affect different body parts.
The delicate water flow makes it suitable to any user.	WATER MOVEMENT 	The vigorous and balanced flow is suitable for muscle treatment and to stimulate the circulatory system.
Thanks to the silent Whisper Technology™ the perceived sound is one of water flowing, like a stream.	QUIETNESS 	The quietness depends on equipment and installation type. The models with Aquasystem Silence™ guarantee the best quietness for the hydromassage category.
The pump maintains the same water temperature in the bathtub without extra energy costs.	WATER 	The models with temperature maintenance system utilises an electric heater.
It is compatible with Jacuzzi® bath salts and herbs mix and can be used with foaming products.	USAGE 	It is compatible with Jacuzzi® bath salts and herbs mix. It can't be used with herbs or foaming products.
The continuous surface of the bathtub, with integrated jets, makes it particularly easy to clean. The disinfection of the system can be done manually adding a specific disinfection product to the water after usage.	CLEANING & DISINFECTION 	The jets can be disassembled for maximum hygiene and guarantee complete water draining. The disinfection of the system can be done manually, adding a specific product to the water after use, or automatically in the equipped models.

ARGA[®]

SWIRLPOOL[®] BATH

ARGA®

SWIRLPOOL® BATH

Derived from the Greek word for 'slow', Arga® is the revolutionary new Jacuzzi® bath that uses state-of-the-art technology to help decelerate life and make more moments count.

This stunning oval-shaped bath has been designed to be fluid, minimalistic and versatile, effortlessly blending into any bathroom setting with simplicity and style.

Soothing, sensory, and most importantly silent, Arga® delivers an immersive experience you'll want to soak up day after day thanks to its revolutionary features.

PERFORMANCE

- Swirlpool® jet technology create a peaceful swirl of water that encourages calm and relaxation
- Whisper+ pump technology™ means even when the jets are running, Arga® produces nothing more than the soft, delicate sound of swirling water

DESIGN

- Oval design
- Illumatherapy™ LED lighting system

EASE OF USE

- Illuminated glass touchpad
- Automatic bath salts infuser
- Integrated and automatic bath salts infuser

INSTALLATION & VERSION

Once you've chosen your perfect Jacuzzi® bath, you'll want to pick your installation approach. There are various options depending on the bath you've selected and we have highlighted the install options within each product specification. Please also note the below information on electrical supply and tapware.

Once you've decided on your install, you can select the bath handing to suit. This can be determined by the position of the back of the bath when standing in front of the touch controls.

WHAT ARE THE ELECTRICAL REQUIREMENTS?

13 amp supply with a 2.5 ml core cable.

IS BRASSWARE INCLUDED?

Not including brassware allows you to pick a suitable piece of brassware that fits into your bathroom and suits your personal design taste. You can use our pre installation manual to determine where these can be fitted.

WHEN WILL MY BATH BE AVAILABLE?

We have UK stock of several models which will be confirmed upon purchase. If the product is in stock, it can be delivered within a week.

Our top of the range models are custom built to order from our Italian manufacturing plant and therefore take between 6-8 weeks to be ready for delivery.

BUILT IN

THE WARRANTY

JACUZZI® BATH PRODUCTS

Jacuzzi® baths are built to the highest standard utilising over 60 years of global industry experience. In the unlikely event that you experience any problems with your hot tub, Jacuzzi Spa & Bath Ltd have you covered with the below warranty programmes which are supported by an experienced network of UK based authorised dealerships and Jacuzzi's own engineer team. We also have dedicated Customer Care Team on hand to contact with any questions or issues.

This warranty applies to the owner of a Jacuzzi® Whirlpool Bath installed after 1st October 2018 for domestic purposes in the United Kingdom.

We are Jacuzzi Spa and Bath Limited (company registered number 08295533) of Jacuzzi Group Head Office, 8 Turnberry Park Road, Gildersome, Morley, Leeds LS27 7LE

This warranty is transferable upon the sale of a property at which the bath is located for the remainder of the warranty period set out below, to the purchaser of that property.

PRODUCT WARRANTY

As a result of the care and attention to detail that we invest in the manufacture of our whirlpool bath products, we are confident that they will perform as desired for many years. However, occasionally defects do arise; should you discover a defect in your bath product we will carry out an investigation and replace any defective components free of charge within warranty. The following warranty periods apply to your bath, provided that it is purchased from Jacuzzi® Spa and Bath directly or an authorised retailer:

NB – in this warranty, a year shall mean the period of 12 calendar months.

10 YEARS ACRYLIC & STRUCTURE

Jacuzzi® Whirlpool Baths are warranted to be free of defects in workmanship or materials in the acrylic shell and metal frame for ten years from the original date of installation.

3 YEARS WHIRLPOOL SYSTEM

Our Jacuzzi® Bath Whirlpool System - specifically limited to the pumps, the control system and plumbing - are warranted against malfunctions due to defects in workmanship or materials for three years from the original date of installation.

WARRANTIES FOR OTHER COMPONENTS

The headrests are warranted to be free of defects in workmanship or materials for two years from the original date of delivery.

Bath panels and surrounds are warranted to be free of defects in workmanship or materials for two years from the original date of delivery.

Remote controls are warranted to be free of defects in workmanship or materials for two years following delivery.

Brassware is warranted to be free of defects in workmanship or materials for two years from the original date of delivery.

GENUINE JACUZZI® PARTS & ACCESSORIES

Genuine Jacuzzi® brand parts & accessories (Genuine Parts or Accessories) are built to our highest standards of quality, durability and performance, and they are designed to work with your bath to ensure optimal performance and function.

This Warranty is void if we or our designated representatives determine that the bath has been subjected to damage or failure due to the installation of parts and/or accessories that are not Genuine Parts or Accessories.

This disclaimer includes but is not limited to repair parts and other accessories.

NOTIFICATION

To obtain service in the event of a defect covered by this Warranty, you should notify us either by telephone to the number below, or to your local retailer, as soon as possible upon becoming aware that the fault has arisen. Upon proof of purchase, a designated service representative will correct the defect subject to the terms and conditions contained in this Warranty.

Upon becoming aware of a fault with your bath you should take all reasonable steps to ensure that no further damage is caused to it, for example by ceasing to use a specific component (as appropriate) or the bath itself until such a time as we or our authorised retailer are able to repair the fault.

There will be no charge for parts or labour to repair a defect with the bath, unless the fault is determined not to be covered by the warranty outlined in this document. You are required to provide clear and uninterrupted access to the bath to enable the defect to be repaired. If we are unable to access the bath when attending a repair, we may refuse to carry out the repair until such a time as access is provided; in these circumstances we may charge you for our reasonable travel and any other expenses incurred in attending your property.

In the event that the bath is removed to a repair facility for repair and reinstalled, the cost of the removal and re-installation will be at our expense or that of our authorised retailer.

We reserve the right, at our sole discretion, to either repair or replace the bath (or part of it) that is the subject of this Warranty. In the event that we choose to provide a replacement spa, it will be at least of an equal value and specification to that which is replaced. In such an event, reasonable costs for removal of the original bath, shipping costs from the factory for the replacement bath and delivery and installation of the replacement will be our responsibility.

Any replacement part or bath will carry the balance of the original bath's warranty.

WARRANTY LIMITATIONS

The product guarantee is only valid for products used in the United Kingdom and installed in a domestic environment. The Warranty is void where defects occur from:

- General wear and tear, or alteration;
- Repair by a person not authorised by us or our authorised retailer;
- Misuse or negligent use which include any installation, operation or maintenance of the bath other than in accordance with the instructions contained in the owner's manual provided with the bath, including but not limited to the use of abrasive or improper cleaners, water damage to remote controls or parts which are not Genuine Parts and Accessories;
- Damage arising in transit by a carrier that is not provided by us or our authorised retailer;
- The commercial use of our products

Some parts of the bath are manufactured from natural materials (or man made materials replicating natural materials), which may change in ordinary course of their lifespan; this may affect the look and feel of the bath. As such these are not regarded as defects, and include (without limitation);

- Products that have yellowed or changed colour in sunlight;
- Products that have failed as a result of the ingress of moisture that are typical as a consequence of use.

This Warranty does not provide cover for any items attached or installed on the bath by you.

You accept liability for repair work performed by anyone other than by us or our representative.

THIS WARRANTY DOES NOT AFFECT YOUR STATUTORY RIGHTS
